STRATEGIC PLAN

MISSION

To be a catalyst for continuously improving our great university.

OQI fulfills this mission through process improvement, strategic planning, project management; and connecting people and initiatives for the purpose of maximizing resources, stimulating innovation and sharing best practices.

VISION

UW-Madison has a culture of continuous improvement, innovation, and sustained excellence.

STRATEGIC PRIORITIES AND GOALS 2009 - 2010

I. Coordinate/Facilitate the Execution of “For Wisconsin and the World”
   A. Work with the provost to develop a campus-wide system for executing the strategic framework.
   B. Work with units across campus to develop and align their plans and initiatives.
   C. Help define and facilitate cross-campus initiatives.
   D. Help develop and implement a system for measuring, monitoring and reporting progress.

II. Leverage Improvements for Maximum Impact
   A. Get engaged early in high impact projects. Create a scanning system to identify high impact projects earlier.
   B. Fully align with APR.
   C. Expand capacity for identifying and disseminating best practices.

III. Build Campus Capacity for Planning and Improvement
   A. Create an infrastructure to provide project management tools and development.
   B. Identify skills needed within OQI and expand our consulting capacity to serve campus units.
