

Excellence in Higher Education Organizational Checklist

Brent D. Ruben, Ph.D.
Center for Organizational Development and Leadership
Rutgers University

This *Checklist* is a supplement to *Excellence in Higher Education (EHE)* — a program for organizational assessment, strategic planning and improvement based on the Malcolm Baldrige framework as laid out in Brent D. Ruben's *Excellence in Higher Education 2003-2004: A Baldrige-Based Guide to Organizational Assessment, Planning and Improvement*, published by NACUBO in 2003. (For more information, go to www.nacubo.org/bookstore). EHE was designed for use in academic or administrative programs or departments, or by an entire college or university.

This *Checklist*—like the model on which it is based—covers seven dimensions of organizational functioning that are critical in higher education: leadership, strategic planning, external focus, information and analysis, faculty/staff and workplace focus, process effectiveness, and outcomes and achievements. Four statements are included for each of these categories. Each statement addresses one of the basic topics of the corresponding category in the *EHE* framework.

This *Checklist* is designed to provide an introduction to the *EHE* approach, and a starting point for discussion and systematic self-assessment using the *EHE* model.
